What's new at Home Kare?

1. STAYING IN TOUCH - WIFI in Hacienda Del Álamo by Home Kare

With the growing need to stay in touch with work, daily business and friends and family from just about anywhere in the world; and the growing ease of doing so facilitated by new generation Smart phones, android devices and the growing number of apps, but also the higher costs to do so outside of your own country, we here at Home Kare have been researching the current market of 'internet suppliers' to find a cost effective and flexible solution depending on our customers' requirements! It has been a long and drawn out process, but one which will feel has been necessary, satisfaction for our clients, be you management or rental is one of our primary goals, and after all, you are worth it!

Wi-max and Telefonica offer a fixed line or antenna based solution to get an internet connection to your HDA property.

We have looked at the possibility of internet connection by SIM cards and whilst it is possible to purchase data only SIM cards the overall process of registering for purchase and keeping them topped up is a problematic solution and also limits itself to just one device per SIM card.

***And ... we have field tested a portable Wi-Fi solution.** In essence you book a Wi-Fi connection and upon your arrival you will find a portable router in your property, plugged in to keep it charged. It is possible **to connect up to 10 devices** to the unit, as it is portable, if you want to take it with you on days out or down by the swimming pool, you can.*

We do not want to make a general offer until we are sure that it is reliable enough and simple to use! Initial costing are around 35 Euro per week plus a 20 Euro charge for delivery and pick up from the supplier!

Watch out on our monthly mailing to see how we are getting on!

2. **WEB PAGE UP-DATES - Better view of properties location**

Many thanks for your positive feedback and suggestions to help us improve the design of our web page, always great to see things through somebody else's eyes, regular visitors to the web page may have noticed that we have now changed the format of the 'search results' for property sales section and long term lets. We feel that the results now appear more in-line with the 'Industry Standard' and are also pleased to see that search results can be seen on a Google generated map of Hacienda del Alamo, of particular interest to clients who know the Resort and are looking for a sales property or holiday let in a particular area! (Many thanks to the person who pointed out that one of our sales properties was floating about 200 nautical miles off the South Coasts of Ghana on the map view, we have since rescued the villa and put it back on Calle Austria, please to report no damage done!) You may also have noticed the longer descriptions highlighting the Resort and area facilities, full translations into Spanish and French are also now almost complete, any volunteers to update the Dutch and German would be great! On a more serious note, if you do visit our web page and notice that something is not right, we would appreciate your feedback, all of the content is loaded from the back office system by us and content, pricing, spelling mistakes etc. can be altered quickly and easily!

3. **Newsletter History**

If you have missed any of our Newsletters, past copies are available from our blog, under "[Special from Home Kare](#)"

Special from Home Kare

We do not want you to think that this Newsletter is solely a delivery method to promote special offers for property sales; we have a good selection of quality re-sale properties listed for sale on our web site as you are probably aware. As owners here at HDA, or potential purchasers, to give a general picture of the current state of play I would like to draw your attention to the facts:

Frontline Golf Plots from 87.000 Euro – February 2015 saw the completion of a further two plots, one overlooking the 18th fairway and a second with open views to the 17th green and 18th tee. There are a handful of plots still available in this stunning location that we feel in time will be a much desired, central location: <http://goo.gl/08W0ws>

Spanish Village Apartment just reduced to 68.750 Euro – 2 bedroom and 1 bathroom ground floor apartment with easy access and underground parking, fully furnished and views from the good sized terrace to the Golf Course
